I would like to personally invite you to visit the 438th Air Expeditionary Advisory Group (438 AEAG) here at Kabul International Airport, Afghanistan. Our mission at the 438 AEAG is to work shoulder to shoulder with the Afghan National Army Air Corps to build a better and more secure Afghanistan. I believe the mission of your non-profit organization, Global Roots, perfectly matches our quest to help the people of Afghanistan. Your presence, on behalf of Global Roots, is critical to meet the needs of the children of Afghanistan and we will afford you every opportunity to meet with the Afghan National Army Air Corps leadership to make your good will mission a reality.

I am very excited about the opportunity to meet and work with you and hope that you have a safe journey. Lt Col J. Olaf Holm (93-707-291404) will assist you with any additional needs, please feel free to contact him at any time.
